

Spring is Here! Electrify Your Yard Equipment!

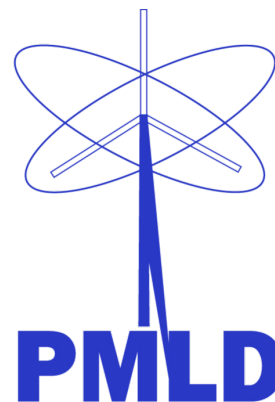

Are you looking to decarbonize your home, but don't know where to start? Start outside!

Did you know there are rechargeable electric models of most yard equipment including battery operated lawn mowers and snow blowers?

Princeton Municipal Light Department offers \$100 rebates for rechargeable, battery operated lawn mowers and snow blowers.

Compared to gasoline-powered equipment, electric yard equipment:

- is better for air quality
- is more lightweight and easier to handle
- is less noisy
- is easier to start
- doesn't require gasoline cans
- requires less maintenance

Save Green While Keeping Your Lawn Green!
